

### Increase of VAT to 19 % from 01.01.2024 ????

With the expiry of the temporary measure on 31 December 2023, there is likely to be a new VAT rate regime in the restaurant sector from 1 January 2024. For the consumption of food and beverages on site in the restaurant, the general tax rate of 19 % will apply again. This means that we will have to charge the full VAT rate of 19 % again for serving food.

At the time of printing this menu (27/09/2023) no final decision had been made.

The meals are calculated incl. 7% VAT. In the event of an increase in VAT, we will be forced to adjust prices accordingly. Thank you for your understanding.
